

**full moon protects me
soft light illuminates room
indigo blanket**

**jam and butter toast
aromatic tea honeyed
open window breeze
linen pillows propped behind
jasmine wafts in azul room**

**waking from the dream
pillowcase damp with sadness
were we holding hands**

**staying in bed
fear of getting up to fall
comforter shield**

**dreamt the fall from bed
feathers from pillow and wings
whirled around room**

**sunshine awakens
aroma of chocolate
ate in bed again**
